NUMBER 4.

HARKNESS QUILTS PASTORATE HERE

PRESBYTERIAN PASTOR TO KANSAS CITY SEPTEMBER 1.

TAKES SECOND CALL TO NEW CITY CHURCH

Will Head Emmanuel Presbyterian Institution—Closes Work of Over 2 Years in Maryville.

The Rev. Samuel D. Harkness, pastor of the First Presbyterian church for the last three years has resigned the pastorate of the Maryville church to take that of the Emmanuel Presbyterian church of Kansas City, the change in pastorates being effective September 1.

The resignation was presented to the official board of the church last night by Mr. Harkness at the regular monthly business meeting of the session held at the manse. A congregational meeting will be held after the regular church service Sunday morning to take action on the pastor's resignation and to formally present it, according to the church ruling, at the presbytery, which will be held in St. Joseph the latter part of this month.

Declines First Invitation.
Early this spring Mr. Harkness was given a call to the Kansas City pastorate, and after a visit with the church people and a deliberation on the subject, declined the offer. While attending the general assembly at Rochester, N. Y., a few weeks ago, the call to Mr. Harkness was renewed, and after a consultation with the church officials Mr. Harkness decided to accept.

The Rev. Mr. Harkness came to Maryville from Columbus, Neb., February 1, 1912, to take the pastorate of the First Presbyterian church. Previous to the Columbus church Mr. Harkness was pastor of the Presbyterian church of Artesian, S. D. The church at Artesian was the first pastorate of Mr. Harkness, and he entered into that just after his graduation from Colgate university, Hamilton, N. Y. While pursuing his college studies Mr. Harkness went abroad, supplementing his college work by lectures and studies, combining work with pleasure.

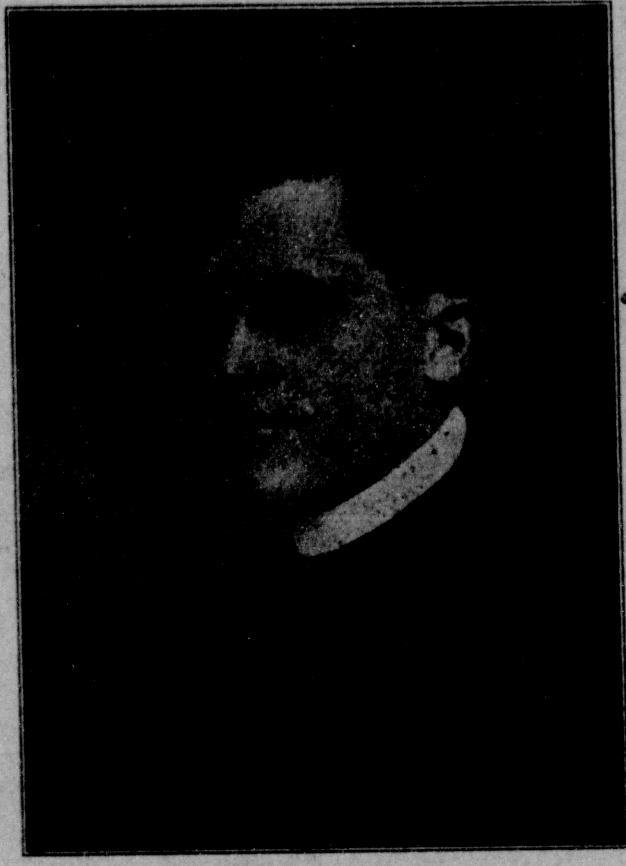

Forefathers Were Ministers
Mr. Harkness' forefathers for generations back have been ministers. His father is the Rev. Joseph Harkness of St. Paul, Minn., and he came to this country from Scotland, where his ancestors were men who were leaders in the Scottish churches.

Since his coming to Maryville, the First Presbyterian church under the pastorate of Mr. Harkness has been very progressive and has had an unprecedented growth in both membership and church activity. As a speaker Mr. Harkness is unusually pleasing and his policy in the administration of the church affairs has made for him warm friends of the entire congregation, and the regret at his departure is felt by the whole of the church membership.

Will Go to New Church.
The Emmanuel Presbyterian church, to which Mr. Harkness goes, is located at Forty-Third and Harrison streets, in Kansas City, and is a comparatively new church, being built about eight years ago. Mr. Harkness' ability to create enthusiasm among his church members is one of the greatest reasons why the Kansas City people were desirous of securing him as their pastor.

No action will be taken by the Maryville church, either in regard to releasing Mr. Harkness from his position here or supply the vacancy, until after the resignation is formally acted upon by the district presbytery at the meeting in St. Joseph.

Resigns Pastorate Here; to Kansas City

THE REV. S. D. HARKNESS, PRESBYTERIAN PASTOR.

CARRY ROW TO LOCAL CAMP

County Medics to Discuss Ousting of Dr. Woodson—Will Also Talk on Measles.

The removal of Dr. C. R. Woodson of St. Joseph from the presidency of the Missouri State Medical association because he advertised, thereby violating the ethics of the profession, will be discussed and some action probably taken at a meeting of the Nodaway County Medical association's meeting at the library Friday night. The resignation of Dr. C. B. Clapp, elected to succeed Woodson, also will be discussed.

Several papers and talks on "Measles and Its Complications," also are being prepared for delivery at the regular meeting this week. It will be the special topic of the meeting.

ALL READY FOR BOOSTER TOUR.

Business Men Tour East Side of the County for Guinea Day Tomorrow.

All is in readiness for the tour to be taken to towns in the east side of Nodaway county tomorrow to advertise Guinea day here June 16. Owners of automobiles are invited to join in the tour with themselves and families. Several car owners along the route have signified intentions of going along.

A ten-piece band will accompany the boosters. The tourists will leave from in front of the Commercial club room at 9 o'clock tomorrow morning.

The following towns will be visited in order: Pickering, Hopkins, Gaynor City, Orrsburg, Parnell, Ravenwood, Clyde, Conception, Conception Junction, Guilford, Barnard and Arkoe.

REPORTS IN SPECIAL WORK.

Lincoln Trustee Confers With County Court—Constructs 12 New Culverts.

A report on construction work of new culverts in Lincoln township as a result of voting \$25,000 in special road bonds was made to the county court this afternoon by C. E. Graham, trustee. He was accompanied by T. R. Livengood and M. W. Bowman, members of the township board, and John Clary, special engineer.

Mr. Clary said twelve new culverts had already been constructed in the sixth and southeast part of the township, and more are now under construction.

Sheriff Edwin Wallace and Chief of Police E. C. Moberly spent Sunday in St. Joseph.

WANT COUNTY BRIDGE AID

Most Townships Ask County Court to Help Improve—Make Tours This Week.

More petitions for bridge improvements over Nodaway county were heard by the county court late yesterday afternoon and this morning. Virtually every township is asking for county aid in bridge construction. As a rule the petitioners make the suggestion that the township pay part of the expense and the county the remainder.

On account of lack of sufficient finances, however, it is believed by the county court that many of the requests will have to be turned down. Requests for such aid were made yesterday by representatives of Hughes, Monroe, Polk, Jefferson, Washington, Jackson and Independence townships. Hughes sent a delegation of twelve.

The court proposes to visit Monroe and probably part of Hughes and Green townships tomorrow to determine the bridge needs, and to tour Jefferson and the south part of Jackson townships Thursday. County Surveyor Reece will accompany the court on the inspection trip.

A session will be held here Friday by the court, at which time final settlement for the new steel bridge over the Nodaway river between Elmo and Clearmont will probably be made. The court intends to complete the bridge inspection this week, Presiding Judge W. M. Blackford announced this morning.

A petition for the vacation of Highland addition in Clyde has been presented to the county court by Thomas McGarry, owner of all lots in the tract. A renewal of a drapshop license for six months also was filed by William A. Heller.

DEFER 'GOOD ROADS' WORK

County Court Head Would Postpone Proposed State-Wide Aid June 15 and 16.

On account of the farmers being so busy now, W. M. Blackford, presiding judge of the county court, in session here this week, announced that it would not call upon the farmers of Nodaway county to set aside June 15 and 16 as Good Roads day, as Governor Major has requested. The citizens of this county, instead, will be asked by the county court later in the season, probably in August, to contribute two days' work on the roads of the county.

"The farmers of the county have been set back so with their work on account of the recent rains," said Judge Blackford, "that it would not be fair for us to ask them to take any time from the fields to help on the roads. For that matter, just as good work, if not better, can be accomplished later when the rainy season is over."

"We did this way last year and it worked well, and I favor using the same methods this year, despite the fact that I am a believer in the plan and know that much good work can be accomplished in this way."

If any residents of the county, be they farmers or town persons, wish to contribute either work or money on the improvement of the public highways next Tuesday and Wednesday the court will be pleased, however.

Governor Major, in a recent statement, said just about the opposite, claiming that it would be more convenient for the farmers to spare the two days now than in the middle of August, when they are absorbed in preparations for the fall wheat planting.

TO OPEN CONCEPTION PARK.

Women Will Formally Throw Gates Open—To Also Serve Refreshments.

The new park at Conception Junction will be formally opened under the auspices of the women of the Park club, tomorrow afternoon. The finishing touches to the civic improvement will be done, and each citizen is supposed to aid. The women will then serve refreshments and the newly organized band will probably give a concert.

Miss Grace Carr returned to her home in Skidmore yesterday after spending several days here.

VILLA IS FOR PEACE

MEXICAN REBEL LEADER WOULD CONFER WITH CARRANZA.

SEEKS A NEUTRAL ZONE

Asks for Truce to Prevent Intervention of U. S.—May Bow to President Wilson's Suggestion.

El Paso, Tex., June 8.—General Francisco Villa has decided to ask General Venustiano Carranza to agree to a neutral territory for the conference to consider the suggestions contained in President Wilson's note, according to a telegram received here from Colonel Perez Rul, private secretary to Villa. The telegram was dated Aguas Calientes.

"General Villa ordered his secretaries to come from Chihuahua to Aguas Calientes to draft the note to Carranza," says Colonel Rul, "and also the reply he will send to President Wilson. Villa's ministers have reached Aguas Calientes."

The Rul statement relates that Villa decided to invite Carranza to agree to a truce "to prevent further sacrifice in the republic which might produce intervention," that when Villa, in keeping with this suggestion, ordered his troops to retire, General Oregon started in pursuit, "bringing on battle at the station of Leon."

NEW PLAYERS FORMARYVILLE

Get Pitcher and First Baseman of St. Joseph for Week-Day Games. New Suits Arrive.

A much stronger team will line up against the Skidmore baseball nine when the Maryville aggregation and the players of the Monroe township metropolis meet at the Normal grounds Thursday afternoon, than was shown in the initial game last week. Manager Walter Hanson announced today. This will be brought about in two ways.

Additional fielding and batting practice by the "regulars" and the addition of two strong men of St. Joseph are the reasons. Emory Masteller, a first baseman, will be on the initial sack Thursday afternoon, while Weightman, pitcher, will take the mound for the locals.

Weightman is moving to Maryville and both he and Masteller will be in every game of the season hereafter, Hanson promises. Weightman secured the championship in the Westminster Sunday school league of St. Joseph last year and has gained quite a reputation for twirling ability.

Hagey of Burlington Junction also will be retained as catcher, while other positions are considerably stronger than last week.

The new suits for the players arrived here today, and will be handed out tomorrow. They are gray with a navy blue stripe and with the word "Maryville" across the front of the shirt and a blue "M" on the cap.

A practice game will be held at the Normal this afternoon.

BAPTISTS EAT FISH JUNE 17

Postponed Piscatorial Fry Will Be Held on Church Lawn to Celebrate Improvements.

The Men's Club of the First Baptist church will hold its postponed fish fry on the lawn at the east side of the church Thursday night, June 17, according to announcement made today by Dr. Karl Malotte, club president. The women of the church also will partake of the outdoor banquet. The fish will be a 102 river, consisting of "bull head," "yellow belly," and "channel" cat fish, perch, etc., etc.

The fishing committee consists of B. F. (Doc) Moxingo, I. M. Woods, Martin Borrsch, the Rev. Lewis M. Hale and Dr. Karl Malotte. They will go to the river early Thursday morning and fish during the day. It is planned to get at least 100 pounds of the piscatorial animals, even if some have to be bought.

The fry will begin about 7 o'clock that night. Besides fish there also will be corn bread, pickles, coffee and ice cream and cake.

After the lawn feast which will in part be held to celebrate the completion of recent improvements at the church, a business meeting will be held in the church.

It is planned to hold another fish fry later in the summer at which time members of the Men's club of the Patee Park Baptist church at St. Joseph will be invited to attend.

Dr. J. W. Dean of Oklahoma, who has been visiting with his son, Dr. Charles Dean of Burlington Junction, came to Maryville yesterday to spend a few days visiting his son, Dr. Leslie E. Dean, and family.

PLAY CONCEPTION TOMORROW

Normal Team Will Give Postponed Game—Meet Again Saturday Afternoon.

The long delayed baseball game between the Normal team and the Conception college team of Conception will be played at the Normal beginning at 4 o'clock tomorrow afternoon, according to announcement of Coach Walter Hanson today. A return game will be played at Conception next Saturday afternoon.

"It is not my purpose to in any way interfere with the regular city week-day games," said Mr. Hanson, "but I want to complete the Normal schedule, in order to give the holders of season tickets, their full entertainment."

One other game here will probably be played here this season by the Normal team. The Conception team is considered quite strong and a rather close game is anticipated tomorrow.

TO IMPROVE PAVED STREETS

City Begins Patching Depressions and Bumps in Pavement—To Fix All Places.

A force of men under M. I. Woods, was put at work at Third and Main streets this morning by City Engineer F. L. Flynt, in the initial work of patching all depressions and bumps in the paved streets of Maryville. The bricks are being removed at such places and an extra base is being put down where there are depressions, to bring it to a level with the remainder of the pavement. Bumps are being also repaired so as to level the pavements.

It is proposed to repair all pavement in the city this month. A majority of the improvement will probably be on the Main street paving, especially in the business section where quite a number of uneven places are being found.

A new water plug for filling the new street flusher also is being installed by Water Superintendent J. H. Martin at Third and Buchanan streets.

JEWELL ALUMNI GATHER.

The Rev. Lewis M. Hale and Charles Hyslop to Liberty Closing Exercises.

The annual alumni meeting of the William Jewell college at Liberty today is being attended by the Rev. Lewis M. Hale and Capt. Charles Hyslop, graduates of the Baptist denominational school. Captain Hyslop also is a member of the board of curators of the college. He intends to visit in western Kansas before returning here.

The commencement exercises will be closed tomorrow with the formal graduation of the large 1915 class of graduates. The address will be made by Judge W. W. Graves.

LOSES MIND OVER FINANCES.

County Court Orders Mrs. Lee Gorman, Quitman, to Hospital.

Mrs. Lee Gorman, 36 years old, near Quitman, was ordered sent to Woodson hospital at St. Joseph, on account of mental disabilities, late yesterday afternoon. Worry over financial troubles, caused by Mr. Gorman losing his farm and other property about two years ago, is attributed as the cause.

MANY SEE OPENING SHOW.

Large Crowds Attend Chase-Lister Production—To Remain Through the Week.

Nearly every seat was filled at the opening show of the Chase-Lister Show company, East Third street, last night. The production was "Human Hearts." The acting was good. Tonight the comedy play "His Honor, the Mayor," will be presented.

On Western Visit.

Miss Mamie Loy left this afternoon for an extensive western trip. She will visit at Salt Lake, Denver and San Diego, and then go to Los Angeles, Cal., to visit her parents, Mr. and Mrs. C. W. Howland. Returning she will visit at San Francisco at the Panama-Pacific exposition.

Returns to St. Joseph.

Mrs. Leland Ward Andrews, who has been visiting her mother, Mrs. J. T. Welch, and Mr. Andrews' parents, Mr. and Mrs. E. L. Andrews, left yesterday afternoon for her home in St. Joseph.

Mrs. May Mann of Maryville moved to St. Joseph Saturday.

CITY MAY AWARD PAVING CONTRACT

COUNCIL CONSIDERS BIDS ON 18 BLOCKS TONIGHT.

WILL BE EITHER TAR OR ASPHALT SURFACE

Many Bids Expected on Improvements—Work Must Begin Within Month—May Pave Jenkins.

Bids for paving Fifth street from Market to Dunn; Dunn from Fifth to Normal avenue; Mulberry from Ninth to Twelfth; Twelfth from Mulberry to Walnut; Thompson from Walnut to Main, and Ninth from Mulberry to the Wabash tracks will be considered at a special meeting of the city council at 7:30 o'clock tonight. Quite a number of bidders are in the city today, while several mail bids are expected.

The bids will be received both for paving with asphaltic concrete and also with tar concrete. The council then reserves the right to accept the most economical and, at the same time, serviceable material, though some property owners have expressed a desire for only asphalt, it is said. Tar paving is slightly cheaper as a rule.

Must Start Within 30 Days.
If contracts to pave all these streets are awarded tonight it will mean the improvement of approximately nineteen blocks, seven of them being on Fifth, one-half on Dunn, three on Mulberry, one on Twelfth, four on Thompson and three and one-half on Ninth.

If the contracts for the paving are awarded tonight actual work on the grading will probably be begun within a few weeks, as the contracts specify that paving operations shall begin within thirty days after the awarding of the contract, and that it must be completed within ninety days. This would be about October 1.

The city also is safeguarded by two guarantees, one with a maintenance bond requiring that the work shall be kept in good condition for five years at no extra expense to the city, and the other a contract guarantee requiring fulfillment of contract, as it relates to the actual paving.

Makes a Total of 116 Blocks.

With the paving of the nineteen proposed blocks Maryville will have a total of 116 paved blocks, ninety-seven already being laid on ten different streets of the city.

A resolution to pave Jenkins street from Market to Main street, a distance of one block, also may be presented for adoption tonight, as a result of a petition presented to the council last week. It was signed by only the trustees of the First Baptist church, but it is understood J. B. Cummins, another property owner in the block, has agreed to favor the improvement. There are two other property owners, they being Mrs. C. Q. Smith and the First Presbyterian church.

As it requires only half of the property owners to bring about the improvement, however, the plan will carry.

KANE WILL BE TEACHER.

Maryville Resident is Appointed Assistant in the School of Journalism.

Charles E. Kane, son of Mr. and Mrs. John Kane of this city, and one of this year's graduates of the school of Journalism of the University of Missouri at Columbia, has been appointed an assistant in journalism there for next year. He will have charge of part of the news work in the place of Prof. Frank L. Martin, who is on a year's leave of absence.

Mrs. Welling Improving.

Mrs. Fred Welling of Graham, who underwent an operation last week at a hospital in St. Joseph, is improving and her recovery is now assured. She is a sister of Attorney W. A. Blagg of this city.

MORE HUMORS OF PEACE

Renewed Effort Reported to End War in Europe.

Washington, June 8.—The arrival of Van Ghel Geldemester, a citizen of Holland, who has a wide acquaintance in German official quarters in Berlin, gave rise to reports that renewed efforts for the making of peace in Europe were in progress.

Mr. Geldemester came to the German embassy here after visiting the German foreign office and high German officials in Berlin. He was given a letter of introduction by Count von Bernstorff, the German ambassador, saying the bearer had recently come from Berlin, where he had talked with German officials. The ambassador said Mr. Geldemester had absolutely no connection with the German government and carried no letters from officials.

He is said to have visited England as well as Germany, with the idea of eliciting some informal expressions of opinion on peace terms. He already has been received by some officials of the American government.

Thaw Trial Again Postponed.

New York, June 8.—Harry Thaw's trial by jury to determine whether he is sane was postponed till June 16 by Supreme Justice Hendrick to await the decision of the court of appeals on the state's appeal from Justice Hendrick's decision granting Thaw such a trial.

FRENCH SPRAY ENEMY WITH LIQUID FLAME

Paris, June 8.—The French war office issued this statement:

"To the north of the Aisne, the enemy has multiplied his desperate efforts to recapture the two lines of trenches which we took from him Sunday, but was completely repulsed. Two thousand German killed were left on the ground. We made 250 prisoners, among them an artillery officer and twenty-eight noncommissioned officers. We captured six machine guns and many others were found under the ruins."

"At Vauquois, by way of reprisal, we sprayed flaming liquid on the trenches of the enemy; he replied with a bombardment."

Expert Advice to Automobile Owners.

Can you tell me the proper way to tin a new soldering iron and other general information in connection with the work of soldering?

File the iron perfectly smooth and heat it just enough to melt solder easily. Then dip it into a strong solution of sal ammoniac for an instant. Finally rub it into a stick of solder and then distribute the solder adhering to the iron by rubbing with a piece of cotton waste. When this is done the iron is ready for service and will not require retinning unless it is burned.

Can you give me an idea of the chemical equation which takes place when exploding a proper mixture of gasoline and air? In what way do the end products differ from those of a mixture of kerosene with air and water?

If the gasoline in an explosion in an internal combustion engine is burned completely the resulting gases would be water and carbon dioxide. However, this condition rarely exists, as there are always some unburned gases in the exhaust of an engine. The end products from a gasoline engine do not differ from those of a kerosene engine when complete combustion takes place.

Business Trip to Bedford.

Announce Birth of Son.

Mr. and Mrs. Grover C. Dinsmore announce the birth of their son Saturday, June 5.

Aid Meeting Postponed.

The regular meeting of the Ladies' Aid society of the First Methodist church announced for Thursday afternoon has been indefinitely postponed.

Dinner Party.

Mr. and Mrs. W. H. Dinsmore gave a dinner party Sunday at their home, on Prather avenue, entertaining Mr. and Mrs. F. B. Dinsmore and children living at Parnell.

Federation Meeting Tomorrow.

The City Federation of Clubs will meet at 4 o'clock tomorrow afternoon in the women's public rest rooms. The meeting is an important one and all members are expected to be present.

Harbison Entertain.

Mr. and Mrs. J. G. Harbison entertained guests at a Sunday dinner at their country home, nine miles east of Maryville, who were Mr. and Mrs. Fred Harbison and daughter, Charlene, and Mrs. Elizabeth Harbison of Maryville.

Birthday Dinner Party.

M. C. Gwinn, living east of the city, celebrated his birthday anniversary Sunday, and in honor of the event Mrs. Gwinn gave a dinner party at noon. Plates were laid for Mr. and Mrs. Frank Gwinn of Denver, Mo.; Miss Mary Gwinn and the hosts.

Morton Dinner Party.

Mr. and Mrs. Del Morton, living near Parnell, were the hosts of a dinner party given at noon Sunday, at which their guests were Mr. and Mrs. William Killion, Mr. and Mrs. Sam Florea and children, Mr. and Mrs. Bert Killion, Carl Killion and Laura and Ernest Gerrard.

Mr. and Mrs. Townsend Entertain.

Mr. and Mrs. Samuel H. Townsend were the hosts of a dinner party given at noon yesterday, complimentary to Mrs. S. J. Richardson of Pueblo, Col., who is visiting her sister, Mrs. Isabelle Worst. Plates were laid for Mr. and Mrs. Charles D. Hooker, Mrs. Richardson, Mrs. Serelda Manley and the hosts.

Mr. and Mrs. Scowden Entertain.

Mr. and Mrs. J. P. Scowden were the hosts of a dinner party given at 1 o'clock Sunday at their country home, northeast of Maryville. Plates were laid for Mr. and Mrs. S. N. Young of Sheridan, Mr. and Mrs. Truman Young, Mr. and Mrs. Frank B. Dinsmore, Misses Mozelle and Audrey Dinsmore, Miss Crystal Young, Donald, Marvin and Ralph Dinsmore and Mr. and Mrs. Scowden.

For Visiting Friends.

Mrs. W. H. Gilbert entertained with a theater party at the Empire Saturday night, followed by a luncheon at Reulard's, given for the pleasure of Mrs. F. A. Yeo and Miss Addie Yeo of Topeka, Kan., who are guests of Mrs. Yeo's son, L. S. Yeo, and family. Those making up the party were Mrs. F. A. Yeo, Miss Yeo, Mrs. L. S. Yeo, Mrs. George Keefe, Mrs. W. B. Porter, Mrs. Irvin Bartram, Mrs. Charles Suckow and Mrs. Gilbert.

For California Guest.

For the pleasure of Miss Ola Winslow of Santa Clara, Cal., who is the guest of her uncle, J. F. Colby, and other relatives in the city, a motor party to Tarkio was enjoyed today by Miss Winslow, Misses Mabel and Helen Todd, J. F. Colby and Roy J. Curfman. The drive was made in the Curfman car, the party leaving at noon. They will be the guests at a dinner party given this evening by relatives in Tarkio.

Mrs. Hogue Hostess.

Mrs. Hattie Hogue was the hostess of a dinner party given at noon yesterday at her home, when she entertained complimentary to a number of out-of-town friends. Plates were laid for Mrs. George Dougherty and daughter of Bedford, Ia.; Mrs. Julia Hart, Mrs. J. H. Carmichael and Mrs. Riley Carmichael, living near Pickering; Miss Myrtle Hogue and the hostess. Mrs. Dougherty and daughter are house guests of Mrs. Hogue for this week.

Picnic for Children.

The children participating in the entertainment "All for Japan," given Sunday night at the First Christian church, were entertained with a picnic at Normal park this afternoon by Mrs. Fred P. Robinson, assisted by the teachers of the primary department of the Sunday school. The afternoon was spent with games, and this evening a picnic supper will be spread. The outing is given as a reward for the children, who worked very faithfully to

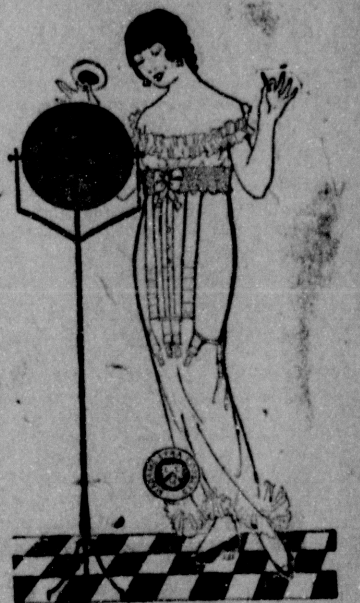

Alderman Yehle Dry Goods Co.

WEST THIRD STREET, MARYVILLE, MO.

Perfect Gowning

"PERFECT GOWNING," an art that seems to belong to only a favored few, is really at the command of every woman who knows the secret. Time was when a most expensive modiste was tee key. Today, almost irrespective of the expense of the gown, the "perfect costume" is within the reach of all, if the corset foundation is right. "Madame Lyra" and "American Lady" Corsets are so perfectly modeled, and produce such beautiful lines, it is almost impossible, with such a foundation, not to have the gown modish in effect. Our special showing of "Madame Lyra" and "American Lady" Corsets this week, includes smart styles in models for every type of figure. "Your" model is here. Our competent corsetiers are at your command, and we can assure you of a faultless fitting.

Do not fail to come in during the exhibition, and let us show you "Your" model, whether you wish to buy or not.

Madame Lyra, \$2.50 to \$6.00.

American Lady, \$1.00 to \$2.50.

make the program successful. The entertainment was given under the direction of Mrs. Robinson and was one of the most attractive children's fetes ever given in the city.

Luncheon for Miss Weller.

Mrs. John Lieber Holmes was the hostess of a 5 o'clock luncheon given yesterday afternoon, complimentary to Miss Leona Weller of Maitland, who is the guest of Miss Eva Vandersloot. Plates were laid for Miss Weller, Mrs. F. A. Vandersloot, Mrs. O. L. Holmes, Miss Eva Vandersloot, Miss Blanche Rozelle and the hostess.

Meeker Dinner Party.

Mrs. and Mrs. A. L. Meeker of Conception Junction entertained guests at a dinner party Friday noon in honor of Mrs. Meeker's mother, who leaves soon for an extended visit with her daughter, Mrs. J. B. West of Centralia, Wash. Covers were laid for Mrs. Heber Mickelson and Mrs. C. E. Coulter of Bedford, Mrs. J. S. Adams of Stanberry, Mrs. A. G. Mounts of Schuyler, Neb.; Felix J. Meeker of St. Joseph, L. H. Meeker of Stanberry and the hosts.

Mrs. Hanson Hostess

A delightful informal evening was given last night by Mrs. Walter Hanson, who entertained the members of the N. T. club and a few friends. The decoration motif selected was pink and this was carried out by using quantities of pink roses. A pink luncheon concluded the evening's pleasure. The special guests of the evening were Miss Kaucher and Miss Daniels of Columbia, who are members of the summer faculty of the Normal, and Mrs. George Harris Colbert.

L. I. Club Meets.

The L. I. club was entertained Thursday afternoon at the home of Mrs. George Wright, northwest of the city. After an hour of needlework a business session was held and officers elected for the coming year. Those chosen were Mrs. Lon Hughes, president; Mrs. Anna Osborn, vice president; Mrs. B. C. Hall, secretary and treasurer. A short program was given, followed by a delicious luncheon, served by the hostess, assisted by her mother, Mrs. M. C. Baublitts, and her niece, Miss Charlene Pixler. The club members present were Mrs. John Halasey, Mrs. Anna Osborn, Mrs. Lon

Hughes, Mrs. B. C. Hall, Mrs. Elithu Shell, Mrs. Claude Shell, Mrs. Byron Kinsley, Mrs. George Wright and Miss Lada Onstot. The visitors present were Mrs. Herman Younke and son, Claude; Mrs. M. C. Baublitts, Mrs. Ella Guthrie, Mrs. Florence Chaffin of El Reno, Okla.; Mrs. L. J. Onstot, Misses Nellie, Mary and Anna Marjorie Halasey, Marie, Charlene, Mabel and Adeline Pixler, Doris Younke, Pauline Hall, Robert Hughes, Ella Marjorie Shell, Rebecca Shell, Baublitts and Elsie Wright. The next meeting of the club will be held at the home of Miss Lida Onstot, on Wednesday afternoon, June 16.

To Give House Party.

Prof. and Mrs. Harry Burnell Schuler will entertain guests for a house party this week, who are Miss Laura Robinson of Kansas City, who arrived yesterday, Miss Lela Buren, Miss Ethel Wilcox and Miss Rose Addison of Princeton, who will arrive Wednesday night. To meet her guests, Mrs. Schuler has bidden friends for an informal reception Thursday night at the Schuler home, on West First street, and Mrs. John Eldon Bailey will entertain Friday afternoon in honor of the visitors.

Pleasant Evening at Yehle Home.

Misses Katherine and Therese Yehle entertained the young ladies' society of St. Mary's church at their home, on South Prairie street, last night with a very pleasant evening spent in playing "hearts." A pink and white decorative plan was observed in the room adornment and in the luncheon menu. The game prize was won by Miss Brownie Helpley. During the entertaining hours the hostesses were assisted by Miss Lenore Schumacher, Miss Mayne Swoboda and Miss Rose Schumacher. The invitations included Miss Mary Schaffer, Miss Agnes Henggeler, Miss Elizabeth Kidder, Miss Clara Sturm, Miss Mayne Swoboda, Miss Mamie Linneman, Miss Kate Hagean, Misses

Anna and Louise Stapler, Misses May and Hannah Shea, Miss Mary Herwick, Misses Bertha and Clara Lehmer, Misses Agnes and Helen Bickett, Misses Kate and Theresa Shonle, Miss Hilda Lahr, Miss Katherine Zech, Miss Mildred Binter, Misses Rose, Elizabeth and Bertha Wilmes, Miss Augusta Heller, Miss Clara Heitman, Miss Clara Stein, Misses Helen, Maud and Brownie Helpley, Miss Josie Stark, Miss Marie Bluel, Miss Mary Gram, Miss Mary Heller, Miss Agnes Thompson, Misses Gertrude and Lorena Kirch, Miss Lucy Sturra, Misses Lenore and Rose Schumacher, Miss Gertrude Lahr, Miss Rose Myers, Miss Esther Busby, Miss Anna McNellis, Miss Clara Yeager, Miss Anna Brant and Miss Kate Wagoner.

Honeymooners Return.

Mr. Martin G. McQuinn and Mrs. McQuinn, nee Miss Anna Dougan, who were married June 2, have returned from a short honeymoon trip and are spending a few days visiting Mrs. McQuinn's father, John Dougan of South Vine street. After June 15 they will be at home on the McQuinn farm, near Conception.

Amoma Meeting Postponed.

The social and business meeting of the Amoma class of the First Baptist church who was to have been held on the lawn at the home of Mr. and Mrs. Ed Wallace, has been indefinitely postponed.

CATTLE RECEIPTS GO UP

Western Markets Receive Large Consignments—Lowers Prices—Hogs and Sheep Firm.

Kansas City Stock Yards, June 7.—All markets today reported more cattle than a week ago, the increase at the five western markets amounting to 10,000. Another bearish feature was the large per cent of native beef steers offered in connection with a fair supply from below the quarantine line. Chicago quoted prices 10 cents lower, and here the best fed steers in practically all weights were steady, and plainer kinds weak to 10 cents lower.

Most of the native steers sold at \$8.10 to \$8.40. In the quarantine division prices were 10 cents lower. Butcher cattle were steady to 10 cents lower, though a fairly active demand. Veal calves were steady. Few stockers and feeders were offered, and prices are firm.

This is the beginning of the small runs of thin cattle, and the big movement will not be resumed until late summer. Most of the stockers and feeders are selling at \$7.25 to \$8.25.

Hog prices were quoted steady to 5 cents higher than Saturday. The top price was \$7.75, paid by shippers, and the bulk of the hogs sold to packers at \$7.60 to \$7.70, or 5 cents higher than

in Chicago. Receipts were moderate, the five western markets reporting about 7,000 less than a week ago, and a year ago. Here receipts were 8,000.

The sheep market is firm with demand active. A supply of 8,000 was absorbed readily. A three car load bunch of California spring lambs sold at \$11.25 and plain Texas yearlings \$8, with wethers \$5.75 to \$6. This market is relatively high on sheep.

Home from St. Joseph.

Mr. and Mrs. H. T. Hooker and daughter, Paley, returned Sunday night from St. Joseph, where they have been the guests of Mr. and Mrs. John Koch and Mr. and Mrs. A. E. Rush.

AVIATOR'S BOMBS WRECK ZEPPELIN

Dirigible Falls on Orphanage and Kills Occupants.

THRILLING CATTLE OF THE SKY

British Aeroplane Speedier Than German Airship and Gains Position of Vantage—Crew of Latter Is Killed. Had Raided England.

WAR SUMMARY

Violent engagements are in progress in the western zone around Arras, Neuville, St. Vaast, to the north of Arras and on several other sectors, with gains of positions and trenches by the allied forces, according to the announcement of the French war office, while in the eastern theater the Germans still are driving the Russians before them, notably in Galicia.

London, June 8.—For the first time on record a Zeppelin in the air has been destroyed by an aviator in an aeroplane. Reginald J. Warneford, a young Canadian sublieutenant in the royal navy, who mastered aeroplaning only this summer, has performed the feat, and today is somewhere within the British Isles, while a Zeppelin lies in ruins, sprawled on the roof and ground of an orphanage near Ghent.

Falling there a blazing mass after being struck by the young aviator's bombs, its crew of twenty-eight men were killed, as were also several occupants of the orphanage buildings.

The theory is advanced that this Zeppelin was the craft which raided the east coast of England, for the fact that it was in the air over Belgium, between Ghent and Brussels, at 2 o'clock in the morning, leads to the belief that it was returning from an expedition not starting.

Dawn breaks early these days and the huge Zeppelin could be sighted far off, and it is presumed that the craft was headed for its home hangar when Warneford came swiftly under the gray skies.

The Zeppelin, which was flying comparatively low, began to mount at once, but the British was speedier and climbed into the air in long spirals, reaching a position at length over the German's vast bulk. From this point of vantage Warneford pierced the Zeppelin's shell repeatedly with his incendiary bombs.

Story Without Parallel.

Without parallel in this war or any other is the story of the young aviator who will have to relate. While details of the fight have not yet been learned, it is known that first came the long pursuit. According to the admiralty report, the aeroplane was 6,000 feet up and to reach this altitude would require nearly twenty miles. The Zeppelin could drive forward about fifteen miles.

Then followed the maneuvering for position and finally the dropping of the bombs, from which the dirigible tried vainly to escape. Minor explosions occurred, and at last one of terrific force, and the Zeppelin burst into flames.

At that moment Warneford must have been close over the dirigible, for almost simultaneously with the outburst, his machine turned completely over, and for a moment he hung head down, with his monoplane all control of which had been lost, pitching and tossing in the swift currents of air, which rushed up to fill the vacuum created.

CLOSING IN ON LEMBERG

Austro-German Forces Duplicating Move Made at Przemyel.

London, June 8.—If the Germans have transferred troops from the east to the west, as reported, they have held sufficient men on the eastern front to continue without relaxation the offensive that has carried them and the Austrians almost across Galicia. The encircling movement on Lemberg is duplicating that at Przemyel.

Hard fighting and heavy losses on both sides, notably to the north of Arras, where the French seem determined to nibble their way forward, continue in the west, but the contests are hardly more than trench warfare contrasted with the fighting in Galicia.

\$5,000,000 in Gold From Canada.

New York, June 8.—An additional \$5,000,000 gold was received at the treasury from Ottawa. This inflow is supposed to be a continuance of the arrangement recently entered into between New York bankers and banking houses with London bankers for the maintenance of exchange rates from this center on London. Since Jan. 1 a total of \$55,000,000 gold has been received here from Canada as an offset to the eighty odd millions of dollars of gold shipped from New York to the Dominion in the early months of the war.

Asks Receiver For Knights of Honor.

St. Louis, June 8.—Application was made to the federal district court here for the appointment of a receiver for the Knights of Honor, a fraternal organization. The application asks that the lodge be declared insolvent. It declares that on April 30 last the liabilities of the order were approximately \$600,000 and the assets \$400,000, leaving a deficit of \$200,000.

MRS. TRULLINGER IS WELL AND HAPPY

Mrs. J. B. Trullinger of Norborne, Mo., was ill for months with derangements of the digestive tract. She suffered terrible pain and was seldom able to be about.

She took Mayr's Wonderful Remedy with results that most happily surprised her and astonished her physician.

Mrs. Trullinger lives on rural route 1, out of Norborne, and leads an active country life. She writes:

"I take great pleasure in telling you what Mayr's Wonderful Remedy has done for me. When I wrote you last March I was hardly able to be up at all. I endured awful suffering. I would get so bad I would become unconscious, and the nauseating spells I had would leave me as weak as if I had a long spell of sickness nearly as bad as typhoid."

"Words cannot express the appreciation I have for your medicine. I am now able to work all day long. All this summer and fall I have felt just fine, gaining in strength and flesh."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

PRESIDENT NOT HOLDING UP NOTE

Reply to Germany Not Subjected to Needless Delay.

CABINET MAY CONSIDER IT.

Legal Officers of Government Return Document to Executive With Changes—As Soon as Satisfactory It Will Be Sent to Gerard.

Washington, June 8.—President Wilson let it be known that the note which the United States is to send to Germany with respect to submarine warfare had been prepared with the utmost expedition and had not been subjected to an hour's unnecessary delay since it was first drafted.

The president's desire to have the document state explicitly the position of the United States government, so that it cannot be misunderstood abroad or invite protracted discussion on the fundamental issues involved, is chiefly responsible for the fact that the note has not yet gone forward.

Sent Back to President.

Legal officers of the government examined the note with minute care and set it back to the president with some changes. It may require further consideration by the president and his cabinet, and high officials did not know just when it would be cabled. On the highest authority, however, it was stated that as soon as the president regarded the communication as satisfactory in phraseology it would be transmitted to Mr. Gerard.

Questions of such serious moment are involved in the wording of the new note that the president is anxious that the communication shall not only meet his own wishes, but should be unimpeachable from the point of view of the experts in international law.

While the president has been at work on the document, special agents of the United States government have by their investigation corroborated in every detail the statement made in the first American note—that the Lusitania was unarmed. At the same time Myer Gerard, personal envoy of Count von Bernstorff, German ambassador, has been voyaging nearer to Germany, carrying important messages from the German embassy concerning the American point of view on submarine warfare.

EXPORTS SHOW DECREASE

Less Now Than in Similar Period Before the War.

Washington, June 8.—"Despite the so called war orders," says an official analysis of foreign trade issued by the department of commerce, "the exports of manufactures of all kinds, other than foodstuffs, have been less than in the similar period before the war."

The statement refers to the foreign trade for the ten months ended in April, which shows a trade balance of almost \$1,000,000,000. "The normal sales of manufacturers during peace," the statement says, "were greater than those under existing war conditions. Because of this fact and the extraordinary shrinkage of exports of crude materials, it is found that the net increase in our total exports has been wholly in foodstuffs."

One of the outstanding features of the analysis is that more than \$48,000,000 worth of American horses and almost \$10,000,000 worth of mules have been fed in the battlefields. Ten million dollars' worth were sent to Europe in April alone.

Amalgamated Copper Co. Dissolved.

New York, June 8.—By more than a two-thirds vote the stockholders of the Amalgamated Copper company ratified the plan of the directors to dissolve. Amalgamated ceased some time ago to be more than a holding company, having turned its active operations over to the Anaconda Copper Mining company, which it controls through stock ownership.

Two Frisco Street Cars Run Away.

San Francisco, June 8.—J. P. O'Neil, chief of the department of concessions at the exposition, was injured about the head and two other persons sustained severe injuries and many gleeved minor hurts when two coupled cars broke from a cable on the Fillmore street hill and collided near the base of the hill with a following car.

Expert Advice to Automobile Owners.

Can you give some good and simple ways of lining up a transmission?

One good way of lining up the transmission is to take a scriber or stiff wire with a point on one end and clamp the other end to the main gear set shaft. Bring the point of the scriber to the rear face of the flywheel and then adjust the gearcase until the point barely touches the flywheel in every position of rotation. Then place the point of the scriber in contact with the cone face of the flywheel and adjust the case so that the point just touches at every point. This determines circularity. When this is done, test the rear face of the flywheel again and so on, until the alignment is perfect. While doing this, do not lose sight of the necessity for also keeping the shifting mechanism in line.

Will you please give your opinion as to the advisability of braking my car by closing the throttle?

Using the motor as an auxiliary by closing the throttle is a very good scheme, as it saves wear and, in some cases, heating of the brake shoes. Some people object to the use of the motor in this way because it imposes a small strain on the driving mechanism, but this is negligible. A more powerful braking effect can be obtained by switching off the ignition and this is probably more popular than merely closing the throttle.

What are the advantages and disadvantages of the low tension and the high tension magnets in regard to both starting and service on car?

The average high tension magneto will give a spark of higher heat value than the low tension—that is, one using an outside coil. Both types show up equally well in starting and in service.

The rear wheels on my car when jacked up can be lifted 25 inch. Should this play be there; if not, how can it be eliminated?

No play should exist, either perpendicular or sideways. All lost motion in a car is defective and should be remedied. In your case the thing to do is to install a new bearing in place of the old one, which is probably so worn as to cause the trouble, or if an adjustable bearing have it set up.

Please tell me how rusty rims can be cleaned, and have you a simple recipe for the prevention of rust to apply to the rims?

Scrape the rims with a sharp tool. Then pound with a hammer until all the rust has been battered off. Sandpaper vigorously, and finally apply a heavy coat of paint. Do not replace your tires until you are certain that the paint is dry, or you will have great cause to complain later.

My car vibrates greatly at speeds above twenty miles per hour. Is there any way of reducing it?

This is largely a question of bringing the reciprocating parts to the same weight. Remove the pistons and the connecting rods, weigh all the pistons with the wristpins and remove metal from the heavier ones until they are all the same weight.

How may one tell when the storage battery is worn out?

A battery may be said to be worn out through service when the active material of the plates has fallen to the sediment trap at the bottom of the jars. A battery in such a condition will not take a charge and cannot possibly give service. A battery may be worn out prematurely by improper care and undercharging, causing the plates to lose the active material, to buckle, etc.

What are the advantages and disadvantages of the two, three and five bearing crank shafts? Is a two bearing crank shaft sufficiently strong to take care of the strain it is subjected to for any length of time?

The five bearing crank shaft is not necessarily better in every respect than either the three or two bearing shaft in a four cylinder motor, although it will be less liable to whip, due to its rigid mounting. You will find that the four cylinder, five bearing motor usually, if not always, has its cylinders cast separately, thus making a comparatively long shaft and motor. With a long shaft the points of support must naturally be many to obtain rigidity and it would not do for a very long motor to have a two bearing shaft, although some have three large supports.

The motor design then plays a big part in the number of bearings to support the crank shaft. The small block motor with a two bearing crank shaft shows good results and the block and pair cast motors with three bearing shafts are also showing up well. Taking the small block motor, any increase in the number of bearings adds to the frictional loss and to the cost and detracts from its simplicity. The bearings usually used in this type are made long to give good service. However, in two motors exactly the same in every respect but crank shaft support and on with two and the other with five bearings, the latter will in most cases show longer life than the former.

To Serve Dinner at Sale.

The women of the Ladies' Aid society of the First Methodist church will serve dinner at the Bellows Bros. stock sale, to be held at the Parkdale farm, on June 17. The women made their plans for the affair at a called business meeting of the society held yesterday afternoon.

Bruce Boober of the Wyeth Hardware company, St. Joseph, visited E. E. Carver of Guilford Sunday.

NUMBER 4.

HARKNESS QUILTS PASTORATE HERE

PRESBYTERIAN PASTOR TO KANSAS CITY SEPTEMBER 1.

TAKES SECOND CALL TO NEW CITY CHURCH

Will Head Emmanuel Presbyterian Institution—Closes Work of Over 2 Years in Maryville.

The Rev. Samuel D. Harkness, pastor of the First Presbyterian church for the last three years has resigned the pastorate of the Maryville church to take that of the Emmanuel Presbyterian church of Kansas City, the change in pastorates being effective September 1.

The resignation was presented to the official board of the church last night by Mr. Harkness at the regular monthly business meeting of the session held at the manse. A congregational meeting will be held after the regular church service Sunday morning to take action on the pastor's resignation and to formally present it, according to the church ruling, at the presbytery, which will be held in St. Joseph the latter part of this month.

Declines First Invitation.

Early this spring Mr. Harkness was given a call to the Kansas City pastorate, and after a visit with the church people and a deliberation on the subject, declined the offer. While attending the general assembly at Rochester, N. Y., a few weeks ago, the call to Mr. Harkness was renewed, and after a consultation with the church officials Mr. Harkness decided to accept.

The Rev. Mr. Harkness came to Maryville from Columbus, Neb., February 1, 1912, to take the pastorate of the First Presbyterian church. Previous to the Columbus church Mr. Harkness was pastor of the Presbyterian church of Artesian, S. D. The church at Artesian was the first pastorate of Mr. Harkness, and he entered into it just after his graduation from Colgate university, Hamilton, N. Y. While pursuing his college studies Mr. Harkness went abroad, supplementing his college work by lectures and studies, combining work with pleasure.

Forefathers Were Ministers

Mr. Harkness' forefathers for generations back have been ministers. His father is the Rev. Joseph Harkness of St. Paul, Minn., and he came to this country from Scotland, where his ancestors were men who were leaders in the Scottish churches.

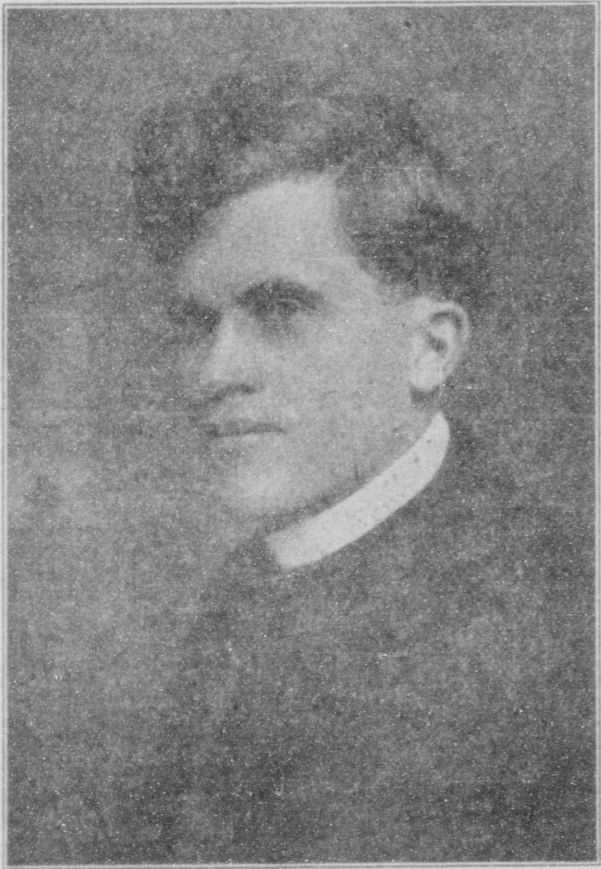

Since his coming to Maryville, the First Presbyterian church under the pastorate of Mr. Harkness has been very progressive and has had an unprecedented growth in both membership and church activity. As a speaker Mr. Harkness is unusually pleasing and his policy in the administration of the church affairs has made for him warm friends of the entire congregation, and the regret at his departure is felt by the whole of the church membership.

Will Go to New Church.

The Emmanuel Presbyterian church, to which Mr. Harkness goes, is located at Forty-Third and Harrison streets, in Kansas City, and is a comparatively new church, being built about eight years ago. Mr. Harkness' ability to create enthusiasm among his church members is one of the greatest reasons why the Kansas City people were desirous of securing him as their pastor.

No action will be taken by the Maryville church, either in regard to releasing Mr. Harkness from his position here or supply the vacancy, until after the resignation is formally acted upon by the district presbytery at the meeting in St. Joseph.

Resigns Pastorate Here; to Kansas City

THE REV. S. D. HARKNESS, PRESBYTERIAN PASTOR.

CARRY ROW TO LOCAL CAMP

County Medics to Discuss Ousting of Dr. Woodson—Will Also Talk on Measles.

The removal of Dr. C. R. Woodson of St. Joseph from the presidency of the Missouri State Medical association because he advertised, thereby violating the ethics of the profession, will be discussed and some action probably taken at a meeting of the Nodaway County Medical association's meeting at the library Friday night. The resignation of Dr. C. B. Clapp, elected to succeed Woodson, also will be discussed.

Several papers and talks on "Measles and Its Complications," also are being prepared for delivery at the regular meeting this week. It will be the special topic of the meeting.

ALL READY FOR BOOSTER TOUR.

Business Men Tour East Side of the County for Guinea Day Tomorrow.

All is in readiness for the tour to be taken to towns in the east side of Nodaway county tomorrow to advertise Guinea day here June 16. Owners of automobiles are invited to join in the tour with themselves and families. Several car owners along the route have signified intentions of going along.

A ten-piece band will accompany the boosters. The tourists will leave from in front of the Commercial club room at 9 o'clock tomorrow morning.

The following towns will be visited in order: Pickering, Hopkins, Gaynor City, Orrsburg, Parnell, Ravenwood, Clyde, Conception, Conception Junction, Guilford, Barnard and Arkoe.

REPORTS IN SPECIAL WORK.

Lincoln Trustee Confers With County Court—Constructs 12 New Culverts.

A report on construction work of new culverts in Lincoln township as a result of voting \$25,000 in special road bonds was made to the county court this afternoon by C. E. Graham, trustee. He was accompanied by T. R. Liveness and M. W. Bowman, members of the township board, and John Clary, special engineer.

Mr. Clary said twelve new culverts had already been constructed in the south and southeast part of the township, and more are now under construction.

Sheriff Edwin Wallace and Chief of Police E. C. Moberly spent Sunday in St. Joseph.

WANT COUNTY BRIDGE AID

Most Townships Ask County Court to Help Improve—Make Tours This Week.

More petitions for bridge improvements over Nodaway county were heard by the county court late yesterday afternoon and this morning. Virtually every township is asking for county aid in bridge construction. As a rule the petitioners make the suggestion that the township pay part of the expense and the county the remainder.

On account of lack of sufficient finances, however, it is believed by the county court that many of the requests will have to be turned down. Requests for such aid were made yesterday by representatives of Hughes, Monroe, Polk, Jefferson, Washington, Jackson and Independence townships. Hughes sent a delegation of twelve.

The court proposes to visit Monroe and probably part of Hughes and Green townships tomorrow to determine the bridge needs, and to tour Jefferson and the south part of Jackson townships Thursday. County Surveyor Reece will accompany the court on the inspection trip.

A session will be held here Friday by the court, at which time final settlement for the new steel bridge over the Nodaway river between Elmo and Clearmont will probably be made. The court intends to complete the bridge inspection this week, Presiding Judge W. M. Blackford announced this morning.

A petition for the vacation of Highland addition in Clyde has been presented to the county court by Thomas McGarry, owner of all lots in the tract.

A renewal of a dramshop license for six months also was filed by William A. Heller.

WILL GRADUATE 9

ST. PATRICK'S HIGH SCHOOL COMMENCEMENT TOMORROW NIGHT

ARRANGE BIG PROGRAM

Largest Class Since School's Foundation Will Pass Out to Music and Recitations at Parish Hall.

The largest class of graduates in the history of St. Patrick's school, West First street, will be formally graduated at a commencement to be held in the parish hall, in the basement of St. Patrick's church, beginning at 8 o'clock tomorrow night. The diplomas will be presented and premiums awarded by the Rev. Father Niemann.

The graduates are Francis Barnum, Paul Buhler, Marie Cook, Francis Cummins, Estella Donahue, Mary Gram, William O'Brien, Clara Sherlock and Doris Vaughn.

It will be the third annual commencement for the parochial school, eight being graduated last spring. The following program has been arranged for the commencement tomorrow night:

Greeting—Graduates.
Welcome—Seven little girls.
Trio, "Moonlight on the Hudson"—P. Hunt, P. Mahoney, L. Hunt.

Piano solo, "Silvery Stars"—Marie Cook.

"Let Us Improve"—Eighth grade.

Piano solo, "Song of the Shepherdess"—Irene Dougan.

Recitation—Mary Dougan.

Summer Hours—Primary grade.

Duet, "March of the Gypsies"—Mary and Helen Tobin.

"The Pursuit of the Beautiful and the True"—Mary Gram.

Piano solo, "Il Trovatore"—Goldie Pope.

Recitation—Claudia Garten.

Piano solo, "By the Mountain Spring"—Thelma Hunt.

"The End of a Perfect Day"—Beatrice Behm.

Piano solo, "Falling Leaves"—Helen Powell.

Duet, "In the Arena"—Irene Growney, Bernice Farrell.

"The End Crows the Work"—Paul Buhler.

"With Hearts of Hope"—Graduates.

Address to graduates—Mr. Thomas Cummins.

Conferring diplomas and awarding of premiums—The Rev. Fr. Niemann.

To Go to Jefferson City.

Dr. Harry L. Stinson and Dr. N. W. Templeton will leave Wednesday morning for Jefferson City to attend the state dental convention. Dr. Stinson is on the program. Dr. Jesse Miller, a member of the state dental board, will also attend the convention, going to Jefferson City from St. Louis, where he is today attending a meeting of the dental board.

To Teach at Hickory Hill.

Miss Helen Helpley has been employed to teach at the Hickory Hill school, near Ravenwood, next term. She taught the Salem school last term. Miss Helpley is considered one of the best rural instructors in the county.

VILLA IS FOR PEACE

MEXICAN REBEL LEADER WOULD CONFER WITH CARRANZA.

SEEKS A NEUTRAL ZONE

Asks for Truce to Prevent Intervention of U. S.—May Bow to President Wilson's Suggestion.

El Paso, Tex., June 8.—General Francisco Villa has decided to ask General Venustiano Carranza to agree to a neutral territory for the conference to consider the suggestions contained in President Wilson's note, according to a telegram received here from Colonel Perez Rul, private secretary to Villa. The telegram was dated August Calientes.

"General Villa ordered his secretaries to come from Chihuahua to August Calientes to draft the note to Carranza," says Colonel Rul, "and also the reply he will send to President Wilson. Villa's ministers have reached August Calientes."

The Rul statement relates that Villa decided to invite Carranza to agree to a truce "to prevent further sacrifice in the republic which might produce intervention;" that when Villa, in keeping with this suggestion, ordered his troops to retire, General Obregon started in pursuit, "bringing on battle at the station of Leon."

NEW PLAYERS FOR MARYVILLE

Get Pitcher and First Baseman of St. Joseph for Week-Day Games. New Suits Arrive.

A much stronger team will line up against the Skidmore baseball nine when the Maryville aggregation and the players of the Monroe township metropolis meet at the Normal grounds Thursday afternoon, than was shown in the initial game last week. Manager Walter Hanson announced today. This will be brought about in two ways.

Additional fielding and batting practice by the "regulars" and the addition of two strong men of St. Joseph are the reasons. Emery Masteller, a first baseman, will be on the initial cast Thursday afternoon, while Weightman, pitcher, will take the mound for the locals.

Weightman is moving to Maryville and both he and Masteller will be in every game of the season hereafter, Hanson promises. Weightman secured the championship in the Westminster Sunday school league of St. Joseph last year and has gained quite a reputation for twirling ability.

Hagey of Burlington Junction also will be retained as catcher, while other positions are considerably stronger than last week.

The new suits for the players arrived here today, and will be handed out tomorrow. They are gray with a navy blue stripe and with the word "Maryville" across the front of the shirt and a blue "M" on the cap.

A practice game will be held at the Normal this afternoon.

BAPTISTS EAT FISH JUNE 17

Postponed Piscatorial Fry Will Be Held on Church Lawn to Celebrate Improvements.

The Men's Club of the First Baptist church will hold its postponed fish fry on the lawn at the east side of the church Thursday night, June 17, according to announcement made today by Dr. Karl Malotte, club president. The women of the church also will partake of the outdoor banquet. The fish will be a 12 1/2 river, consisting of "bull head," "yellow belly," and "channel" cat fish, perch, etc.

The fishing committee consists of B. F. (Doc) Mazingo, L. M. Woods, Martin Borrsch, the Rev. Lewis M. Hale and Dr. Karl Malotte. They will go to the river early Thursday morning and fish during the day. It is planned to get at least 100 pounds of the piscatorial animals, even if some have to be bought.

The fry will begin about 7 o'clock that night. Besides fish there also will be corn bread, pickles, coffee and ice cream and cake.

After the lawn feast which will in part be held to celebrate the completion of recent improvements at the church, a business meeting will be held in the church.

It is planned to hold another fish fry later in the summer at which time members of the Men's club of the Patee Park Baptist church at St. Joseph will be invited to attend.

Dr. J. W. Dean of Oklahoma, who has been visiting with his son, Dr. Charles Dean of Burlington Junction, came to Maryville yesterday to spend a few days visiting his son, Dr. Leslie E. Dean, and family.

PLAY CONCEPTION TOMORROW

Normal Team Will Give Postponed Game—Meet Again Saturday Afternoon.

The long delayed baseball game between the Normal team and the Conception college team of Conception will be played at the Normal beginning at 4 o'clock tomorrow afternoon, according to announcement of Coach Walter Hanson today. A return game will be played at Conception next Saturday afternoon.

"It is not my purpose to in any way interfere with the regular city week-day games," said Mr. Hanson, "but I want to complete the Normal schedule, in order to give the holders of season tickets, their full entertainment."

One other game here will probably be played here this season by the Normal team. The Conception team is considered quite strong and a rather close game is anticipated tomorrow.

TO IMPROVE PAVED STREETS

City Begins Patching Depressions and Bumps in Pavement—to Fix All Places.

A force of men under M. I. Woods, was put at work at Third and Main streets this morning by City Engineer F. L. Flynt, in the initiatory work of patching all depressions and bumps in the paved streets of Maryville. The bricks are being removed at such places and an extra base is being put down where there are depressions, to bring it to a level with the remainder of the pavement. Bumps are being also repaired so as to level the pavements.

It is proposed to repair all pavement in the city this month. A majority of the improvement will probably be on the Main street paving, especially in the business section where quite a number of uneven places are being found.

A new water plug for filling the new street flusher also is being installed by Water Superintendent J. H. Martin at Third and Buchanan streets.

JEWELL ALUMNI GATHER.

The Rev. Lewis M. Hale and Charles Hyslop to Liberty Closing Exercises.

The annual alumni meeting of the William Jewell college at Liberty today is being attended by the Rev. Lewis M. Hale and Capt. Charles Hyslop, graduates of the Baptist denominational school. Captain Hyslop also is a member of the board of curators of the college. He intends to visit in western Kansas before returning here.

The commencement exercises will be closed tomorrow with the formal graduation of the large 1915 class of graduates. The address will be made by Judge W. W. Graves.

LOSES MIND OVER FINANCES.

County Court Orders Mrs. Lee Gorman, Quitman, to Hospital.

Mrs. Lee Gorman, 36 years old, near Quitman, was ordered sent to Woodson hospital at St. Joseph, on account of mental disabilities, late yesterday afternoon. Worry over financial troubles, caused by Mr. Gorman losing his farm and other property about two years ago, is attributed as the cause.

MANY SEE OPENING SHOW.

Large Crowds Attend Chase-Lister Production—to Remain Through the Week.

Nearly every seat was filled at the opening show of the Chase-Lister Show company, East Third street, last night. The production was "Human Hearts." The acting was good. Tonight the comedy play "His Honor, the Mayor," will be presented.

On Western Visit.

Miss Mamie Loy left this afternoon for an extensive western trip. She will visit at Salt Lake, Denver and San Diego, and then go to Los Angeles, Cal., to visit her parents, Mr. and Mrs. C. W. Howland. Returning she will visit at San Francisco at the Panama-Pacific exposition.

Returns to St. Joseph.

Mrs. Leland Ward Andrews, who has been visiting her mother, Mrs. J. T. Welch, and Mr. Andrews' parents, Mr. and Mrs. E. L. Andrews, left yesterday afternoon for her home in St. Joseph.

Mrs. May Mann of Maryville moved to St. Joseph Saturday.

CITY MAY AWARD PAVING CONTRACT

COUNCIL CONSIDERS BIDS ON 15 BLOCKS TONIGHT.

WILL BE EITHER TAR OR ASPHALT SURFACE

Many Bids Expected on Improvements—Work Must Begin Within Month—May Pave Jenkins.

Bids for paving Fifth street from Market to Dunn; Dunn from Fifth to Normal avenue; Mulberry from Ninth to Twelfth; Twelfth from Mulberry to Walnut; Thompson from Walnut to Main, and Ninth from Mulberry to the Wabash tracks will be considered at a special meeting of the city council at 7:30 o'clock tonight. Quite a number of bidders are in the city today, while several mail bids are expected.

The bids will be received both for paving with asphaltic concrete and also with tar concrete. The council then reserves the right to accept the most economical and, at the same time, serviceable material, though some property owners have expressed a desire for only asphalt, it is said. Tar paving is slightly cheaper as a rule.

Must Start Within 30 Days.

If contracts to pave all these streets are awarded tonight it will mean the improvement of approximately thirteen blocks, seven of them being on Fifth, one-half on Dunn, three on Mulberry, one on Twelfth, four on Thompson and three and one-half on Ninth.

If the contracts for the paving are awarded tonight actual work on the grading will probably be begun within a few weeks, as the contracts specify that paving operations shall begin within thirty days after the awarding of the contract, and that it must be completed within ninety days. This would be about October 1.

The city also is safeguarded by two guarantees, one with a maintenance bond requiring that the work shall be kept in good condition for five years at no extra expense to the city, and the other a contract guarantee requiring fulfillment of contract, as it relates to the actual paving.

Makes a Total of 116 Blocks.

With the paving of the nineteen proposed blocks Maryville will have a total of 116 paved blocks, ninety-seven already being laid on ten different streets of the city.

A resolution to pave Jenkins street from Market to Main street, a distance of one block, also may be presented for adoption tonight, as a result of a petition presented to the council last week. It was signed by only the trustees of the First Baptist church, but it is understood J. B. Cummins, another property owner in the block, has agreed to favor the improvement. There are two other property owners, they being Mrs. C. Q. Smith and the First Presbyterian church.

As it requires only half of the property owners to bring about the improvement, however, the plan will carry.

KANE WILL BE TEACHER.

Maryville Resident is Appointed Assistant in the School of Journalism.

Charles E. Kane, son of Mr. and Mrs. John Kane of this city, and one of this year's graduates of the school of journalism of the University of Missouri at Columbia, has been appointed an assistant in journalism there for next year. He will have charge of part of the news work in the place of Prof. Frank L. Martin, who is on a year's leave of absence.

Mrs. Welling Improving.

Mrs. Fred Welling of Graham, who underwent an operation last week at a hospital in St. Joseph, is improving and her recovery is now assured. She is a sister of Attorney W. A. Blagg of this city.

* THE WEATHER *

OUT FOR GOVERNORSHIP.

Lindsay, Houchin, Gardner and Atkinson Already Avowed Candidates.

The visit of Rev. A. N. Lindsay at Clinton, Henry county, to Jefferson City last week confirmed reports that he is an avowed candidate for the Democratic nomination for governor, that he is active and is building his fences for the state primary in August, 1916. He is widely known both as a minister and business man through his connection with the movement to federate the commercial clubs of Missouri. He has been connected with the State Normal school of Maryville for the past few months as field agent.

James A. Houchin of Jefferson City is inaugurating his campaign for the nomination for governor. According to general gossip among politicians, Col. Frederick D. Gardner of St. Louis may also be classified among the avowed candidates.

The tentative list remains virtually unchanged. There seems to be no question in the public mind of the ultimate candidacy of Attorney General John T. Barker, Secretary of State Roach, Lieut. Gov. William R. Painter, Judge A. D. Burnes of Platte City, Judge Frank P. Divelbiss of Richmond and several others.

Chairman John M. Atkinson of the public service commission announced early in January that he is a candidate, so that in reality there are four active and a large number of prospective aspirants on the Democratic side. According to the judgment of some of the best politicians in Missouri the final make-up of the field of contestants for gubernatorial honors is largely contingent upon the determination of Judge W. W. Graves of the supreme court in that connection.

He is being urged from all quarters to enter the race and has had the matter under consideration since early in the year. Should he enter, it is conceded that it will have the effect of eliminating several of the prospective candidates.

There is no longer any doubt that Barker will be in the race. He is a brilliant, aggressive and effective campaigner and has already perfected in all sections of Missouri an organization that will be formidable in the state primary. The same statement applies to Secretary of the State Roach and Lieut. Gov. Painter.

FORMER RESIDENT DIES.

Body of Mrs. Anna Schmidt of St. Joseph Will Be Taken to Hopkins For Burial.

Mrs. Anna Schmidt, 65 years old, the widow of Henry Schmidt, and a former resident of this city, died at 2:45 yesterday morning at her home in St. Joseph. Her death followed a prolonged illness. The only survivor is a daughter, Miss Anna Schmidt. Funeral services were held at the home at 4 o'clock this afternoon and the body will be taken to Hopkins for burial tomorrow. The body will be interred in the Hopkins cemetery beside that of her husband, who died a number of years ago, and a son, Heina Schmidt. The son died ten years ago in this city. Mrs. Schmidt was a member of the Royal Neighbors lodge of Maryville and a number of the members will probably go to Hopkins to attend the burial services.

The Schmidt family resided at Hopkins for a number of years. Later they came to Maryville, and after the death of her son, Mrs. Schmidt and daughter went to St. Joseph to reside.

Save The Baby Use the reliable HORLICK'S ORIGINAL Malted Milk

Upbuilds every part of the body efficiently. Endorsed by thousands of Physicians, Mothers and Nurses the world over for more than a quarter of a century.

RAINS HELP CROPS

REPORT SHOWS WHOLE STATE
HAD AMPLE MOISTURE.

WHEAT IMPROVED TOO

Condition Now 69.8. Corn Fairly Good and Nearly All in Floods Hurt in Sections.

For the first time in two years every section of Missouri has sufficient moisture for the needs of growing crops. There is not in the entire state one drouth stricken spot. This, says the report issued this week, from the office of the Secretary of the State Board of Agriculture, is in pleasing contrast with conditions one year ago when almost the entire state was in need of moisture and when insect pests were attacking practically every growing crop. The report, which is one of optimism and good cheer reflecting as it does the feeling on Missouri farms, is as follows:

The last dozen days of May brought to Missouri all needed moisture. In some sections, especially in the north-west and west-central parts of the state, the rainfall was excessive, causing streams to leave their banks and putting thousands of acres of growing crops under water. Cultivated fields on rolling uplands are badly eroded.

While considerable damage has been done, the benefit will offset this many fold. Where floods have prevailed the waters are receding in time for planting. The rains have materially checked the activity of chinch bugs and other insect pests. With warm weather following, all plant growth will be rapidly forced forward.

Some Rust Indications.
Wheat condition, for the state, is 69.8. This is a gain of practically two points or 1.8—since the special report of May 20. However, there is a loss of slightly more than 20 points for the month of May. The slight increase in conditions since the rains will just about be offset by flood loss and decreased acreage from other causes.

Generally speaking, the heaviest wheat producing counties in a 10-year average are now among those reporting low condition. This may reduce somewhat the indicated yield for the state. Recent improvements are mainly in the late wheat. Indications of rust are causing some anxiety. Furthermore, heavy rains during the flowering period were not most desirable for heavy yield. Condition of wheat one year ago was 82.6; ten-year June 1 average, 80.7. On June 1, 1910, the condition of wheat was practically the same as at present and the average state yield was 13.2 bushels.

By crop division sections, wheat condition is now estimated as follows: Northeast, 80; northwest, 71; central, 66; southwest, 66; southeast, 72. Harvest in the extreme southern part of the state will open by the middle of the month. For the state as a whole, wheat will ripen from one to two weeks later than last year.

Corn Nearly All Planted.
Correspondents report nine-tenths or 90.6 per cent of the Missouri corn crop planted. This is 4 per cent in advance of the 10-year average. But for the heavy rains of the latter part of May planting would have been completed.

The stand is excellent except in over flowed or badly washed fields. Soil condition is 88. Condition of growing plant is 85.4 for the state, as compared with 80.9 as the ten-year June 1 average. By sections it is: northeast, 82; northwest, 77; central, 91; southwest, 87; southeast, 90.

Much of the northwest section was in the worst flooded area. Planting progress, by sections, shows: northeast, 90; northwest, 85; central, 95; southwest, 92; southeast, 91. Most fields have been too wet to work for two weeks, but as they were generally clean and well cultivated the weeds and grass which have started should easily be controlled. Indications are that the corn acreage will be from 1 to 2 per cent larger than last year, when it was 7,421,609 acres.

Oats are making a satisfactory growth since the rains. Present condition is 85 for the state, as compared with 63 one year ago and with 75 as the 10 year June 1 average. The first cutting of alfalfa and clover is excellent, but much alfalfa has been badly damaged by rain which made harvesting, which came early, extremely difficult. New clover is fine as are many old fields.

There is complaint though, of weedy meadows, especially of "white top" in timothy. Condition of clover is 88; timothy, 81; alfalfa, 89; rye, 86; barley, 92. Pastures are coming along in fine shape, the condition being 92. Again, as always, matchless Missouri bluegrass is proving its ability to "come back." The tobacco acreage is estimated at 72 per cent of the 1914 crop; cotton acreage 77; potato acreage, 98. The outlook for a potato crop is the best in years.

Peach Outlook Fair.
The peach crop in the northern half

GENERAL CORNEVA.

Italian Commander
Leading the Forces
Now Invading Austria.

Photo by American Press Association.

of the state promises less than 25 per cent, but in the southern part there are prospects for an abundant yield. Indications are for a fair apple crop throughout most of the state. Condition is lowest in the southwest, where the Ben Davis yield especially will be light. Small fruit is reported abundant, being 85 for the state. Dry weather, followed by excessive moisture, has not been best for strawberries.

The average wool clip for the state is estimated at 6.7 pounds. Good prices have prevailed, the average farm price being 25 1/2 cents. The shortage of all meat animals continues. Number of cattle on feed as compared with average year is estimated at 72 per cent; hogs on feed, 66 per cent; cattle on grass, 84 per cent.

Feeders have generally operated at a loss owing to the scarcity and high price of feed and to low prices for the finished product. For this reason they are slow to stock up. In some localities there are not enough cattle to eat the grass.

Returns From Columbia.

Miss Helen Dunn of Boileau, who has been attending the State University at Columbia, was in Maryville yesterday enroute to her home. She was accompanied by her mother, Mrs. F. I. Dunn, who has been visiting her daughter during commencement week. While in the city they were the guests at the W. C. Frank home.

To Clearmont Next.

The gospel team of the First Baptist church, captained by A. E. McDonald, will go to Clearmont next Sunday morning to conduct services. The team consists of Mr. McDonald, H. W. Hull, I. E. Tebow, John Kelly and Louis Yowell.

Mr. and Mrs. Joseph Cornell, East Second street, spent Saturday and Sunday in St. Joseph.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it has a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Your Flag and Mine

Your flag and mine! How proudly they flutter in the morning breeze. And who, beholding it, shall dare to turn in doubt or let despair assail his nobler emotions? Your flag and mine and ours to guard so that in future centuries, still proudly striped and bravely starred, unsmirched by shame, by wrong unmarred, its might shall thrill, its beauty please.

Your flag and mine! And shall we let its glory die or splendor fade? Who doubts that freedom flaunts it yet Or dares to heedlessly forget, By selfishness or passion swayed?

"YOUR FLAG AND MINE AND UNCLE SAM'S."

Your flag and mine and ours to hold in tender reverence, unafraid, Our faith adorning every fold, In virtue strong, in honor bold, Its grace to all the world displayed.

Your flag and mine! How splendidly it flutters out against the sky; How glorious it is to see— How fair to you, how dear to me— Most proud of all the flags that fly! Your flag and mine and ours to keep Unsoiled, unshamed and waving high— Our trust unfeigned, our courage deep— For those whom, after we shall sleep, It shall inspire and glorify.
—S. E. Kiser in Chicago Herald.

Letter to Mr. L. L. Maier.
Maryville, Mo.

Dear Sir: "Three-quarters paint" is a good phrase for the best outside of Devoe.

Devoe is the standard; mark it 100. The next best—there are several not far apart—are three-quarters paint; you may mark them 75 to Devoe's 100.

The bulk of the paints in market are 40 to 50 or 60; a few are better than 60; a few are worse than 40.

How do they act. They cover from one to three-quarters as much as Devoe; and they last from one to three-quarters as long as Devoe.

What are they worth? The same rule don't hold; it costs more to put on some paints than they are worth; they are not worth anything; the "put on" costs two or three times as much as the paint.

Yours truly,
F. W. DEVOE & CO.,
New York and Chicago.

P. S.—Koch's Pharmacy sells our paint.

Ambassador Page Sees King George.
London, June 8.—The American ambassador, Walter Hines Page, was received at Buckingham palace by King George. The ambassador presented to the king a medal cast in New Orleans on the occasion of the celebration of a century of peace between the United States and Great

Britain. The king presented the medal to the ambassador. The ambassador then presented the king a letter from the United States, signed by President Wilson, in which the president expressed his appreciation of the peace between the United States and Great Britain.

The king then presented the ambassador a letter from the British government, in which the British government expressed its appreciation of the peace between the United States and Great Britain.

CHILDREN GIVE FINE PROGRAM

Methodist Sunday School of Pickering Present Special Entertainment.

The Children Day services held at 11 o'clock Sunday morning at the Methodist church of Pickering was one of the finest entertainments ever held in the church and the program was enjoyed by a large crowd which attended.

The program included various musical numbers, readings and drills given by the children of the Sunday school and a short address by the pastor, the Rev. S. P. Stillman. The program was arranged by a committee composed of Mrs. Walter Johnson, chairman, Miss Mary Wolfers, Mrs. Jacob Wiley, Miss Beulah Everhart and Miss Mildred Stafford.

To Make Western Visit.

Mrs. Byrd Frank of Parnell and Mrs. Nan McElvain of Ravenwood, left this morning for a six week's trip through the west. They will visit the Panama-Pacific exposition at San Francisco, Calif., and the principal cities of the west and chief points of interest enroute going and returning.

To Attend Exposition.

Mr. and Mrs. G. H. Wamsley, living southeast of Maryville, will leave next Tuesday for a three month's visit in the west. They will visit the expositions at San Francisco and San Diego and many of the leading cities in the west. At Sheridan, Wyo., they will visit with Mrs. Wamsley's sister, Mrs. Nell Snively and Mrs. R. D. Spodgrass.

It takes twenty-one to make one. Guinea day in Maryville, June 16th.

MORE PAIGE CARS.

Another Car Load Was Received Today By the Maryville Dealers.

Another car load of the Paige cars was received by the local dealers today. This shipment includes both Paige sixes and fours. The demand for the Paige car has been such that orders have been received considerably before shipment could be made.

The cars which arrived today will be on display at the local show rooms of Allen Brothers and Sewell & Carter.

Returns from Month's Visit.

Miss Grace Sturm returned Saturday night from a month's visit with friends in Springfield, Mo., and Kansas City. While at Springfield Miss Sturm was the guest of Miss Helen Wray, formerly of this city.

Announce Birth of Son.

Mr. and Mrs. Grover C. Dinsmore announce the birth of their son Saturday, June 5.

Aid Meeting Postponed.

The regular meeting of the Ladies' Aid society of the First Methodist church announced for Thursday afternoon has been indefinitely postponed.

Dinner Party.

Mr. and Mrs. W. H. Dinsmore gave a dinner party Sunday at their home, on Prather avenue, entertaining Mr. and Mrs. F. B. Dinsmore and children living at Parnell.

Federation Meeting Tomorrow.

The City Federation of Clubs will meet at 4 o'clock tomorrow afternoon in the women's public rest rooms. The meeting is an important one and all members are expected to be present.

Harbison's Entertain.

Mr. and Mrs. J. G. Harbison entertained guests at a Sunday dinner at their country home, nine miles east of Maryville, who were Mr. and Mrs. Fred Harbison and daughter, Charlene, and Mrs. Elizabeth Harbison of Maryville.

Birthday Dinner Party.

M. C. Gwinn, living east of the city, celebrated his birthday anniversary Sunday, and in honor of the event Mrs. Gwinn gave a dinner party at noon. Plates were laid for Mr. and Mrs. Frank Gwinn of Denver, Mo.; Miss Mary Gwinn and the hosts.

Morton Dinner Party.

Mr. and Mrs. Del Morton, living near Parnell, were the hosts of a dinner party given at noon Sunday, at which their guests were Mr. and Mrs. William Killion, Mr. and Mrs. Sam Florea and children, Mr. and Mrs. Bert Killion, Carl Killion and Laura and Ernest Gerrard.

Mr. and Mrs. Townsend Entertain.

Mr. and Mrs. Samuel H. Townsend were the hosts of a dinner party given at noon yesterday, complimentary to Mrs. S. J. Richardson of Pueblo, Col., who is visiting her sister, Mrs. Isabelle Worst. Plates were laid for Mr. and Mrs. Charles D. Hooker, Mrs. Richardson, Mrs. Serelda Manley and the hosts.

Mr. and Mrs. Scowden Entertain.

Mr. and Mrs. J. P. Scowden were the hosts of a dinner party given at 1 o'clock Sunday at their country home, northeast of Maryville. Plates were laid for Mr. and Mrs. S. N. Young of Sheridan, Mr. and Mrs. Truman Young, Mr. and Mrs. Frank B. Dinsmore, Misses Mozelle and Audrey Dinsmore, Miss Crystal Young, Donald, Marvin and Ralph Dinsmore and Mr. and Mrs. Scowden.

For Visiting Friends.

Mrs. W. H. Gilbert entertained with a theater party at the Empire Saturday night, followed by a luncheon at Reulard's, given for the pleasure of Mrs. F. A. Yeo and Miss Addie Yeo of Topeka, Kan., who are guests of Mrs. Yeo's son, L. S. Yeo, and family. Those making up the party were Mrs. F. A. Yeo, Miss Yeo, Mrs. L. S. Yeo, Mrs. George Keefe, Mrs. W. B. Porter, Mrs. Irvin Bartram, Mrs. Charles Suckow and Mrs. Gilbert.

For California Guest.

For the pleasure of Miss Ola Winslow of Santa Clara, Cal., who is the guest of her uncle, J. F. Colby, and other relatives in the city, a motor party to Tarkio was enjoyed today by Miss Winslow, Misses Mabel and Helen Todd, J. F. Colby and Roy J. Curfman. The drive was made in the Curfman car, the party leaving at noon. They will be the guests at a dinner party given this evening by relatives in Tarkio.

Mrs. Hogue Hostess.

Mrs. Hattie Hogue was the hostess of a dinner party given at noon yesterday at her home, when she entertained complimentary to a number of out-of-town friends. Plates were laid for Mrs. George Dougherty and daughter of Bedford, Ia.; Mrs. Julia Hart, Mrs. J. H. Carmichael and Mrs. Riley Carmichael, living near Pickering; Miss Myrtle Hogue and the hostess. Mrs. Dougherty and daughter are house guests of Mrs. Hogue for this week.

Picnic for Children.

The children participating in the entertainment "All for Japan," given Sunday night at the First Christian church, were entertained with a picnic at Normal park this afternoon by Mrs. Fred P. Robinson, assisted by the teachers of the primary department of the Sunday school. The afternoon was spent with games, and this evening a picnic supper will be spread. The outing is given as a reward for the children, who worked very faithfully to

Perfect Gowning

"PERFECT GOWNING," an art that seems to belong to only a favored few, is really at the command of every woman who knows the secret. Time was when a most expensive modiste was tee key. Today, almost irrespective of the expense of the gown, the "perfect costume" is within the reach of all, if the corset foundation is right. "Madame Lyra" and "American Lady" Corsets are so perfectly modeled, and produce such beautiful lines, it is almost impossible, with such a foundation, not to have the gown modish in effect. Our special showing of "Madame Lyra" and "American Lady" Corsets this week, includes smart styles in models for every type of figure. "Your" model is here. Our competent corsetiers are at your command, and we can assure you of a faultless fitting.

Do not fail to come in during the exhibition, and let us show you "Your" model, whether you wish to buy or not.

Madame Lyra, \$3.50 to \$8.00.

American Lady, \$1.00 to \$3.50.

TO DO HEAVY BRIDGE WORK.

John Jackson and Maurice Egan, Near Conception, Form Construction Firm.

Equipment for doing heavy bridge work and transferring bridges bodily from one place to another is being purchased and installed by John Jackson and Maurice Egan on their farms, half way between Arkoe and Conception Junction, according to Matt Farnan, member of the county court.

They are well experienced in such work and propose to devote their entire time to the new enterprise.

St. Joseph Architect Here.

MORE RUMORS OF PEACE

Renewed Effort Reported to End War in Europe.

Washington, June 8.—The arrival of Van Ghel Geldemeester, a citizen of Holland, who has a wide acquaintance in German official quarters in Berlin gave rise to reports that renewed efforts for the making of peace in Europe were in progress.

Mr. Geldemeester came to the German embassy here after visiting the German foreign office and high German officials in Berlin. He was given a letter of introduction by Count von Bernstorff, the German ambassador, saying the bearer had recently come from Berlin, where he had talked with German officials. The ambassador said Mr. Geldemeester had absolutely no connection with the German government and carried no letters from officials.

He is said to have visited England as well as Germany, with the idea of eliciting some informal expressions of opinion on peace terms. He already has been received by some officials of the American government.

Thaw Trial Again Postponed.

New York, June 8.—Harry Thaw's trial by jury to determine whether he is sane was postponed till June 16 by Supreme Justice Hendrick to await the decision of the court of appeals on the state's appeal from Justice Hendrick's decision granting Thaw such a trial.

FRENCH SPRAY ENEMY WITH LIQUID FLAME

Paris, June 8.—The French war office issued this statement:

"To the north of the Aisne, the enemy has multiplied his desperate efforts to recapture the two lines of trenches which we took from him Sunday, but was completely repulsed. Two thousand German killed were left on the ground. We made 250 prisoners, among them an artillery officer and twenty-eight noncommissioned officers. We captured six machine guns and many others were found under the ruins.

"At Vanquais, by way of reprisal, we sprayed flaming liquid on the trenches of the enemy, who replied with a bombardment."

Expert Advice to Automobile Owners.

Can you tell me the proper way to tin a new soldering iron and other general information in connection with the work of soldering?

File the iron perfectly smooth and heat it just enough to melt solder easily. Then dip it into a strong solution of salammoniac for an instant. Finally rub it into a stick of solder and then distribute the solder adhering to the iron by rubbing with a piece of cotton waste. When this is done the iron is ready for service and will not require retinning unless it is burned.

Can you give me an idea of the chemical equation which takes place when exploding a proper mixture of gasoline and air? In what way do the end products differ from those of a mixture of kerosene with air and water?

If the gasoline in an explosion in an internal combustion engine is burned completely the resulting gases would be water and carbon dioxide. However, this condition rarely exists, as there are always some unburned gases in the exhaust of an engine. The end products from a gasoline engine do not differ from those of a kerosene engine when complete combustion takes place.

Of course you're going. It's just a question of route and naturally you'll use the route with the most advantages.

The Cool, Comfortable, Northern Route is the

Union Pacific Salt Lake Route

The line of ideal altitudes—not too high, not too low—avoid the intense heat of extremely low altitudes.

It has more double track and more automatic electric block safety signals than any other line, to Los Angeles.

It is the only line operating through trains to Los Angeles via Salt Lake City.

It permits you to stop over a day or a month, as you please, in Colorado or Utah without additional railroad fare.

It permits you to visit for slight additional expense, Estes Park, Rocky Mountain National Park and Yellowstone National Park.

It carries dining cars on all California trains, overcoming the inconvenience of leaving trains for meals.

It operates two fine daily trains, Los Angeles Limited, leaving Omaha at 11:55 a. m., Pacific Limited from Omaha at 12:40 a. m.

No change of cars. All steel, latest type equipment—standard and tourist sleeping cars, observation car, club buffet room, telegraphic news bulletin and market reports.

It enables you to see practically the entire West for about the usual one-way fare—How? Fill out coupon and mail today.

Visit Old Faithful Inn, Yellowstone National Park Exhibit at Panama-Pacific Exposition.

CATTLE RECEIPTS GO UP

Western Markets Receive Large Consignments—Lowers Prices—Hogs and Sheep Firm.

Kansas City Stock Yards, June 7.—All markets today reported more cattle than a week ago, the increase at the five western markets amounting to 10,000. Another bearish feature was the large per cent of native beef steers offered in connection with a fair supply from below the quarantine line. Chicago quoted prices 10 cents lower, and here the best fed steers in practically all weights were steady, and plainer kinds weak to 10 cents lower. Most of the native steers sold at \$8.10 to \$8.50. In the quarantine division prices were 10 cents lower. Butcher cattle were steady to 10 cents lower, though a fairly active demand. Veal calves were steady. Few stockers and feeders were offered, and prices are firm.

This is the beginning of the small runs of thin cattle, and the big movement will not be resumed until late summer. Most of the stockers and feeders are selling at \$7.25 to \$8.25. Hog prices were quoted steady to 5 cents higher than Saturday. The top price was \$7.75, paid by shippers, and the bulk of the hogs sold to packers at \$7.60 to \$7.70, or 5 cents higher than

in Chicago. Receipts were moderate, the five western markets reporting about 7,000 less than a week ago, and a year ago. Here receipts were 8,000. The sheep market is firm with demand active. A supply of 8,000 was absorbed readily. A three car load bunch of California spring lambs sold at \$11.25 and plain Texas yearlings \$8. with wethers \$5.75 to \$6. This market is relatively high on sheep.

AVIATOR'S BOMBS WRECK ZEPPELIN

Dirigible Falls on Orphanage and Kils Occupants.

THRILLING BATTLE OF THE SKY

British Aeroplane Speedier Than German Airship and Gains Position of Vantage—Crew of Latter Is Killed. Had Halted England.

WAR SUMMARY

Violent engagements are in progress in the western zone around Arras, Neuville, St. Vaast, to the north of Aisne and on several other sectors, with gains of positions and trenches by the allied forces, according to the announcement of the French war office, while in the eastern theater the Tautons still are driving the Russians before them, notably in Galicia.

London, June 8.—For the first time on record a Zeppelin in the air has been destroyed by an aviator in an aeroplane. Reginald J. Warneford, a young Canadian sub-lieutenant in the royal navy, who mastered aeroplaning only this summer, has performed the feat, and today is somewhere within the British lines, while a Zeppelin lies in ruins, sprawled on the roof and ground of an orphanage near Ghent.

Falling there a blazing mass after being struck by the young aviator's bombs, his crew of twenty-eight men were killed, as were also several occupants of the orphanage buildings.

The theory is advanced that this Zeppelin was the craft which raided the east coast of England, for the fact that it was in the air over Belgium, between Ghent and Brussels, at 2 o'clock in the morning, leads to the belief that it was returning from an expedition not starting.

Dawn breaks early these days and the huge Zeppelin could be sighted far off, and it is presumed that the craft was headed for its home hangar when Warneford came swiftly under the gray skies.

The Zeppelin, which was flying comparatively low, began to mount at once, but the British wasp was speedier and climbed into the air in long spirals, reaching a position at length over the German's vast bulk. From this point of vantage Warneford pierced the Zeppelin's shell repeatedly with his incendiary bombs.

Story Without Parallel.

Without parallel in this war or any other is the story the young aviator will have to relate. While details of the fight have not yet been learned, it is known that first came the long pursuit. According to the admiralty report, the aeroplane was 6,000 feet up and to reach this altitude would require nearly twenty miles. The Zeppelin could drive forward about fifteen miles.

Then followed the maneuvering for position and finally the dropping of the bombs, from which the dirigible tried vainly to escape. Minor explosions occurred, and at last one of terrific force, and the Zeppelin burst into flames.

At that moment Warneford must have been close over the dirigible, for almost simultaneously with the outburst, his machine turned completely over, and for a moment he hung head down, with his monoplane all control of which had been lost, pitching and tossing in the swift currents of air, which rushed up to fill the vacuum created.

CLOSING IN ON LEMBERG

Austro-German Forces Duplicating Move Made at Przemyel.

London, June 8.—If the Germans have transferred troops from the east to the west, as reported, they have held sufficient men on the eastern front to continue without relaxation the offensive that has carried them and the Austrians almost across Galicia. The encircling movement on Lemberg is duplicating that at Przemyel.

Hard fighting and heavy losses on both sides, notably to the north of Arras, where the French seem determined to nibble their way forward, continue in the west, but the contests are hardly more than trench warfare contrasted with the fighting in Galicia.

\$5,000,000 In Gold From Canada.

New York, June 8.—An additional \$5,000,000 gold was received at the treasury from Ottawa. This inflow is supposed to be a continuance of the arrangement recently entered into between New York bankers and banking houses with London bankers for the maintenance of exchange rates from this center on London. Since Jan. 1 a total of \$55,000,000 gold has been received here from Canada as an offset to the eighty odd millions of dollars of gold shipped from New York to the Dominion in the early months of the war.

Asks Receiver For Knights of Honor.

St. Louis, June 8.—Application was made to the federal district court here for the appointment of a receiver for the Knights of Honor, a fraternal organization. The application asks that the lodge be declared insolvent. It declares that on April 20 last the liabilities of the order were approximately \$600,000 and the assets \$400,000, leaving a deficit of \$200,000.

MRS. TRULLINGER IS WELL AND HAPPY

Mrs. J. B. Trullinger of Norborne, Mo., was ill for months with derangements of the digestive tract. She suffered terrible pain and was seldom able to eat about.

She took Mayr's Wonderful Remedy with results that most happily surprised her and astonished her physician.

Mrs. Trullinger lives on rural route 1, out of Norborne, and leads an active country life. She writes:

"I take great pleasure in telling you what Mayr's Wonderful Remedy has done for me. When I wrote you last March I was hardly able to be up at all. I endured awful suffering. I would get so bad I would become unconscious, and the nauseating spells I had would leave me as weak as if I had a long spell of sickness nearly as bad as typhoid.

"Words cannot express the appreciation I have for your medicine. I am now able to work all day long. All this summer and fall I have felt just fine, gaining in strength and flesh."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

PRESIDENT NOT HOLDING UP NOTE

Reply to Germany Not Subjected to Needless Delay.

CABINET MAY CONSIDER IT.

Legal Officers of Government Return Document to Executive With Changes—As Soon as Satisfactory It Will Be Sent to Gerard.

Washington, June 8.—President Wilson let it be known that the note which the United States is to send to Germany with respect to submarine warfare had been prepared with the utmost expedition and had not been subjected to an hour's unnecessary delay since it was first drafted.

The president's desire to have the document state explicitly the position of the United States government, so that it cannot be misunderstood abroad or invite protracted discussion on the fundamental issues involved, is chiefly responsible for the fact that the note has not yet gone forward.

Sent Back to President.

Legal officers of the government examined the note with minute care and sent it back to the president with some changes. It may require further consideration by the president and his cabinet, and high officials did not know just when it would be cable. On the highest authority, however, it was stated that as soon as the president regarded the communication as satisfactory in phraseology it would be transmitted to Mr. Gerard.

Questions of such serious moment are involved in the wording of the new note that the president is anxious that the communication shall not only meet his own wishes, but should be unimpeachable from the point of view of the experts in international law.

While the president has been at work on the document, special agents of the United States government have by their investigation corroborated in every detail the statement made in the first American note—that the Lusitania was unarmed. At the same time Myer Gerard, personal envoy of Count von Bernstorff, German ambassador, has been voyaging nearer to Germany, carrying important messages from the German embassy concerning the American point of view on submarine warfare.

EXPORTS SHOW DECREASE

Less Now Than in Similar Period Before the War.

Washington, June 8.—"Despite the so-called war orders," says an official analysis of foreign trade issued by the department of commerce, "the exports of manufactures of all kinds, other than foodstuffs, have been less than in the similar period before the war."

The statement refers to the foreign trade for the ten months ended in April, which shows a trade balance of almost \$1,000,000,000.

"The normal sales of manufacturers during peace," the statement says, "were greater than those under existing war conditions. Because of this fact and the extraordinary shrinkage of exports of crude materials, it is found that the net increase in our total exports has been wholly in foodstuffs."

One of the outstanding features of the analysis is that more than \$48,000,000 worth of American horses and almost \$10,000,000 worth of mules have been fed in the battlefields. Ten million dollars' worth were sent to Europe in April alone.

Amalgamated Copper Co. Dissolved.

New York, June 8.—By more than a two-thirds vote the stockholders of the Amalgamated Copper company ratified the plan of the directors to dissolve. Amalgamated ceased some time ago to be more than a holding company, having turned its active operations over to the Anaconda Copper Mining company, which it controls through stock ownership.

Two Frisco Street Cars Run Away.

San Francisco, June 8.—J. P. O'Neill, chief of the department of concessions at the exposition, was injured about the head and two other persons sustained severe injuries and many received minor hurts when two coupled cars broke from a cable on the Fillmore street hill and collided near the base of the hill with a following car.

OMAHA LIVE STOCK MARKET

Clipped Lambs Reach New Top Price of \$10.50.

South Omaha, June 8.—Cattle—Receipts, 3,700; steady; beef steers, \$7.35 @ 9.30; cows and heifers, \$5.75 @ 7.75; stockers and feeders, \$6.25 @ 8; bulls, \$5 @ 7.25; calves, \$8 @ 10.50. Hogs—Receipts, 7,600; steady to 5c higher; bulk of sales, \$7.40 @ 7.50; top, \$7.55. Sheep—Receipts, 2,200; 10 @ 15c higher; lambs, clipped \$9.50 @ 10.50; spring lambs, \$10 @ 12.15; ewes, \$4.50 @ 5.75.

Chicago Live Stock.

Hogs—Receipts, 34,000; slow; shade lower; bulk of sales, \$7.50 @ 7.65; light, \$7.40 @ 7.75; heavy, \$7.00 @ 7.65; rough, \$7.05 @ 7.20; pigs, \$5.75 @ 7.40. Sheep—Receipts, 10,000; steady; sheep, \$6.40 @ 7.20; lambs, \$7.75 @ 10.75.

Expert Advice to Automobile Owners.

Can you give some good and simple ways of lining up a transmission?

One good way of lining up the transmission is to take a scriber or stiff wire with a point on one end and clamp the other end to the main gear-set shaft. Bring the point of the scriber to the rear face of the flywheel and then adjust the gearcase until the point barely touches the flywheel in every position of rotation. Then place the point of the scriber in contact with the cone face of the flywheel and adjust the case so that the point just touches at every point. This determines circularity. When this is done, test the rear face of the flywheel again and so on, until the alignment is perfect. While doing this, do not lose sight of the necessity for also keeping the shifting mechanism in line.

Will you please give your opinion as to the advisability of braking' my car by closing the throttle?

Using the motor as an auxiliary by closing the throttle is a very good scheme, as it saves wear and, in some cases, heating of the brake shoes. Some people object to the use of the motor in this way because it imposes a small strain on the driving mechanism, but this is negligible. A more powerful braking effect can be obtained by switching off the ignition and this is probably more popular than merely closing the throttle.

What are the advantages and disadvantages of the low tension and the high tension magneto in regard to both starting and service on car?

The average high tension magneto will give a spark of higher heat value than the low tension—that is, one using an outside coil. Both types show up equally well in starting and in service.

The rear wheels on my car when jacked up can be lifted 25 inch. Should this play be there; if not, how can it be eliminated?

No play should exist, either perpendicular or sideways. All lost motion in a car is defective and should be remedied. In your case the thing to do is to install a new bearing in place of the old one, which is probably so worn as to cause the trouble, or if an adjustable bearing have it set up.

Please tell me how rusty rims can be cleaned, and have you a simple recipe for the prevention of rust to apply to the rims?

Scrape the rims with a sharp tool. Then pound with a hammer until all the rust has been battered off. Sand paper vigorously, and finally apply a heavy coat of paint. Do not replace your tires until you are certain that the paint is dry, or you will have great cause to complain later.

My car vibrates greatly at speeds above twenty miles per hour. Is there any way of reducing it?

This is largely a question of bringing the reciprocating parts to the same weight. Remove the pistons and the connecting rods, weigh all the pistons with the wristpins and remove metal from the heavier ones until they are all the same weight.

How may one tell when the storage battery is worn out?

A battery may be said to be worn out through service when the active material of the plates has fallen to the sediment trap at the bottom of the jars. A battery in such a condition will not take a charge and cannot possibly give service. A battery may be worn out prematurely by improper care and undercharging, causing the plates to lose the active material, to buckle, etc.

What are the advantages and disadvantages of the two, three and five bearing crank shafts? Is a two bearing crank shaft sufficiently strong to take care of the strain it is subjected to for any length of time?

The five bearing crank shaft is not necessarily better in every respect than either the three or two bearing shaft in a four cylinder motor, although it will be less liable to whip, due to its rigid mounting. You will find that the four cylinder, five bearing motor usually, if not always, has its cylinders cast separately, thus making a comparatively long shaft and motor. With a long shaft the points of support must be many to obtain rigidity and it would not do for a very long motor to have a two bearing shaft, although some have three large supports. The motor design then plays a big part in the number of bearings to support the crank shaft. The small block motor with a two bearing crank shaft shows good results and the block and pair cast motors with three bearing shafts are also showing up well. Taking the small block motor, any increase in the number of bearings adds to the frictional loss and to the cost and detracts from its simplicity. The bearings usually used in this type are made long to give good service. However, in two motors exactly the same in every respect but crank shaft support and on with two and the other with five bearings, the latter will in most cases show longer life than the former.

To Serve Dinner at Sale.

The women of the Ladies' Aid society of the First Methodist church will serve dinner at the Bellows Bros.' stock sale, to be held at the Parkdale farm, on June 17. The women made their plans for the affair at a called business meeting of the society held yesterday afternoon.

Bruce Booher of the Wyeth Hardware company, St. Joseph, visited E. E. Carver of Guilford Sunday.
